

## Shantilal Shah Engineering College, Bhavnagar

### Production Engineering Department

### Student start-up and Innovation Policy

Brief report on seminar on Start-up avenues in manufacturing Domain organized on 26.7.2019, from 2:30 p.m.

A seminar on the theme of Start-up avenues in manufacturing Domain was organized at the institute for pre-final and final year students from B.E. (Production) program. Mr. Rohit Chauhan, CMD of Madhav Copper Limited, Bhavnagar, graced the occasion as an expert. 86 students and faculty members benefitted through the event.

The primary focus of the talk was to orient the students with the opportunities offered and challenges faced in the endeavour of a start-up in manufacturing sector. Mr. Chauhan, in his speech, narrated through his journey from graduating from engineering institute to owning a successful enterprise today. Mr. Chauhan elaborated on attributes he himself required to exhibit to become successful and stay that way. Mr. Chauhan also took questions from the participants on various aspects of the journey of establishing start-up. Participants were made to realize the need of the day to look to set-up an enterprise rather than typically look to find a job.

This very informative seminar concluded with words of motivation from the Principal and Head of the Department for the participating students.
